ABOUT OUR LIST

PRINT LISTS ARE DATED!

Unlike our website we cannot update a print list, so be aware that items you see here may be sold out on our site. This list was compiled on October 15th, 2009. Always check our site for current availability.

BANDS ONLY

We list here only band sized roses—a reminder of which is the 'b' following each entry. In stock we have over 160 varieties in one gallon pots as well. On our search page, 'Roses', you can call up a list of what's available in gallons. We will be phasing out gallons this year, and currently all are drastically reduced!

SPRING SHIP 2010

Varieties here marked Sp2010, and 'Spring Ship 2010', may be ordered now for shipping next spring

SPLIT SHIPMENTS

Your order may contain items that are held for shipping as well as items that are now ready to ship. You may combine these; if you do we will automatically assign a date in Spring 2010 to ship your entire order, unless you tell us to 'split the shipment and send any that are ready now'. This will comprise two orders for the purposes of shipping costs and any agricultural inspection fees.

BUILD YOUR ORDERS OVER TIME

We welcome you to add to your orders any time you like. Please remember that if you are taking advantage of our online specials, items added may not qualify for those discounts. Orders cancelled, after we have pulled plants and confirmed, may be charged a restocking fee.

The List

We know how useful paper lists can be when perusing a large number of choices, so we've made this one up for you to launch our new season.

Surfing the website and seeing images of flowers is even greater fun, but sometimes you just need to curl up with pencil and paper and ponder the possibilities. And, we think it's a pretty impressive list full of opportunities!

SOME ITEMS ARE NOT ON OUR WEBSITE!

We have teased you a bit with this list! Who is 'Madame Zazu', and what's 'Michael's Big Wadoo'? At the end of October we will unveil the mystery of some new roses on this list, and they will go online for purchase, along with the story of a lovely woman who created them! A clue; these have an intro date of 2009. At the end of our list we list these new items and others, new to us, again, for your to ponder!

SOME ITEMS ARE NOT ON OUR WEBSITE!

We have teased you a bit with this list! Who is 'Madame Zazu', and what's 'Michael's Big Wadoo'? At the end of October we will unveil the mystery of some new roses on this list, and they will go online for purchase, along with the story of a lovely woman who created them! A clue; these have an intro date of 2009.

These eight beauties are listed again below, along with 22 more old roses that are new to our collection this year.

All will be available to order before the end of October; we'll email you to let you know when you can place orders on these.
